

Tri-borough Early Years Music Consortium

The 'Tri-Music Together' project *A journey in musical learning*

The TBEYMC will be working in maintained schools and nurseries, children's centres, and private, voluntary and independent settings. The project will primarily focus on working with the settings listed below that have been identified within the most deprived wards across the three Local Authorities. However, the project will also engage with EYFS settings across the whole of the Tri-borough area.

Below are the settings within the focus-wards that we have identified at time of going to print. If we have either a) missed any settings within the identified wards or b) you work in a setting in another ward and would like to be involved please contact:

Nicola Burke, EYFS Strategic Lead
