

Partnership Working 2018-20 Overview

Introduction

The Tri-borough Music Hub (TBMH) has clearly defined partnerships at Strategic and Delivery levels. At the core of our partnership work is the notion that these organisations bring added value to, and complement, the TBMH's offer; and importantly that there is a reciprocal and collaborative relationship. The TBMH has a rigorous evaluation and quality-assurance process for all existing and potential partnerships which checks that all organisations:

- Offer clarity about how they meet the TBMH strategic priorities and contribute to the holistic TBMH offer;
- Are committed to Child Protection/Safeguarding best-practice, with robust policies in place and regular training for all staff;
- Demonstrate how they positively contribute funds (in-kind or cash) which could be used to provide opportunity for TBMH pupils/schools;
- Have in place their own reflective practice procedures through ensuring they engage in evaluations of their own activity.

The TBMH annually reviews how organisations meet the criteria of partners or additional providers, and bring in additional expertise, impacting on the people that we work with.

Strategically the TBMH supports partners by organising presentations at meetings, bringing in guest speakers to highlight available funding streams and sharing all funding bulletins from the Local Authority which holds local, national and European funding opportunities. This then allows the TBMH to support partner organisations in applications to secure additional funding. The TBMH Head works with partners to secure funded activity for young people in our area.

The importance of partnership working cannot be underestimated, with significant investments of time and money made at senior levels of the organisations involved. The TBMH continues to work to identify new partners where there are gaps in provision or to respond to need. The TBMH is frequently approached by organisations wishing to become a partner and we have evolved a thorough process to establish the relevance, need and appropriateness of these potential relationships. The essential question asked whenever a proposed new partnership is suggested, is whether that new organisation can offer something unique to our existing partnerships and if it will positively benefit all TBMH stakeholders in a meaningful way.

The following pages provide an overview of all partnership categories and who we are working with in partnership.

There is a reciprocal and ongoing relationship.

Overview of External Organisations:

The TBMH also acknowledges that there are a plethora of external organisations based in the local area that work independently of the TBMH but which may offer opportunities to the community. The TBMH will add any appropriate organisation that wishes to do so, to a list of External Organisations on the TBMH website.

- External Organisations: individuals or organisations delivering work locally but independently of the TBMH. The TBMH will list these organisations on their website and signpost activity where appropriate.

In collaboration with partners/providers we offer an innovative, outstanding and progressive service to schools, families, children and young people. We also seek to nurture a creative dialogue between young people and professional arts organisations which not only inspires individual participants, but also enriches the artistic life of the Tri-borough area and beyond.

Process for prospective Tri-borough Music Hub Delivery Partners and Providers

New partner and provider application process

It is always good to hear from potentially interested new organisations. The TBMH always considers what is best for our key stakeholders (pupils, schools, workforce, community) and how any partnership can positively impact on any of these. However, we have well-established processes for working in partnership with robust procedures in place in order to best manage the many approaches we receive. To apply to engage with the Tri-borough Music Hub as a Tri-borough Music Hub Delivery Partner or Additional Provider the following process will apply:

1. An initial approach in writing to the Head Tri-borough Music Hub outlining the work of the organisation; its track record of working with children and young people, evidence of high quality provision delivery including positive feedback from staff and young people, and evidence of positive impact of the organisation's work.
2. If appropriate, an informal conversation with a member of the Tri-borough Music Hub or Strategic Partner to discuss in person the proposal;
3. If appropriate, for those fulfilling the partner organisation criteria, a follow-up meeting with representatives of the organisation (the TBMH, a Strategic Partner, or an independent consultant) will take place to develop a deeper understanding of how potential partnership work could be developed. This meeting will establish the formal paperwork which we require for all partners:
 - o A summary document outlining the clarity of your proposed offer and expand in prose about how you feel you meet the TBMH strategic priorities and contribute to the holistic TBMH offer for all stakeholders;
 - o Evidence of your organisation's commitment to Child Protection/Safeguarding, with robust policies in place and regular training for all staff;
 - o Outline of how your proposed partnership would demonstrate how your organisation would positively contribute funds (in-kind or cash) which could be used to provide opportunity for TBMH pupils/schools (i.e. what are you proposing which is unique and different, as opposed to your organisation approaching a school directly);
 - o Demonstrate evidence of quality assurance through your own reflective practice procedures, and evaluations of your own activity.
4. If the organisation meets the required criteria and if by working with the Hub there will be no direct duplication of existing partner provision, they will be asked if they wish to continue the application process. If the organisation wishes to continue, the application will be taken to the next Strategic Partners meeting for agreement. Please note that where organisations have similar offerings to existing partners, there will be a review system in place to ensure new partners will not be overlooked on this basis.
5. The outcome of the Strategic Partner group will be shared with the organisation with relevant feedback.
6. If the partner organisation is to become a partner, the partner letter will be sent to the organisation. The completed letter will include information related to the organisation's past activity as well as proposed future Tri-borough engagement activities. The completed letter will be returned to the Tri-borough Music Hub for inclusion in Arts Council partner/provider information returns.
7. The Tri-borough Music Hub's new partners and new Tri-borough Music Hub additional providers will be added to the approved list of organisations working with the Tri-borough Music Hub, and will then receive the support as stated in *Criteria for Tri-borough Music Hub Partners and Providers*.

How the Tri-borough Music Hub tracks and quantifies how its partners are meeting the strategic aims

Here is a summary of how the TBMH tracks Partner submitted data in annual partners' survey.

- 1) A PDF of the questions we ask is here – we use SurveyMonkey to collect data.

Survey PDF of
Annual Partner Surv

- 2) In questions 4 to 28, we ask for titles of partners' projects, in three areas – Community and Family Projects, CPD & Training, and Work in Schools.
- 3) We ask for the total number of service users who benefitted from each project in Question 38. SurveyMonkey allows answers from questions 4 to 28 to be fed into these questions, avoiding the need for partners to cross-reference earlier answers manually.
- 4) We then invite partners to identify which of the Hub's sixteen Strategic Aims each project meets.

Tri-borough Music
Strategy (Feb 2017 L

- 5) When the survey is closed, we are able to download the data as a spreadsheet. We then use formulae to multiply - for each partner - how many service users benefitted in a way that meets each Strategic Aim, and then aggregate totals for each aim across all partners.
- 6) We then publish these figures in our Annual Report. We include previous years' figures, allowing us to track our partners' contributions to meeting our Strategic Aims over time.

For example: -

<i>Strategic Aim</i>	<i>2014-15 Number of service users benefitting</i>	<i>2015-16 Number of service users benefitting</i>	<i>2016-17 Number of service users benefitting</i>	<i>Year-on- year percentage change</i>
<i>Strand 1: Musical development of children and young people</i>				
To ensure all children and young people are actively making progress according to their stage of learning and with appropriate challenge	20,571	17,439	21,539	+24%
