### **Vocal and Instrumental Lessons**

- Tutors will be able to deliver online instrumental and vocal lessons using an online video calling platform.
- Small group lessons will become 30 minute paired lessons for the purposes of online learning as any more than two pupils in an online lesson could compromise learning.
- Individual lessons will remain 30 minutes long.
- **The majority of lessons will take place at the same time as they normally would, and on the same day. Any variation on this will be communicated clearly to you, with the reason explained.**
