

Appointing Lead Schools / Settings for Music

Does your school or setting?...

- exemplify high-quality music provision and teaching?
- champion best practice music education in your LA area?
- show commitment to curriculum delivery with significant timetable time, co-curricular opportunities, inclusive provision, and teacher development?
- contribute to the development of a strategic approach to inclusion?
- advocate for music education and the work of the Music Hub to colleagues in other schools?

If the answer is yes...

... the Tri-borough Music Hub invites schools/settings to consider becoming a Lead School or Setting for Music within your local area...

Why is this happening?

HM Government

The power of music to change lives:

A National Plan for Music Education

From September 2024 **Lead Schools** must be appointed in each Local Authority area.

This is in accordance with the new DfE/Arts Council England changes and the National Plan for Music Education (NPME)

The power of music to change lives.

What is the role for?

Lead Schools/Settings will play a distinct role supporting other schools / settings to improve their music provision.

They will be expected to support and develop other schools / settings through the following:

- learning networks
- CPD courses
- mentoring
- peer support activity
- collaborative music projects
- practice and resource sharing

(NB: this list is just illustrative and is not limited to these areas)

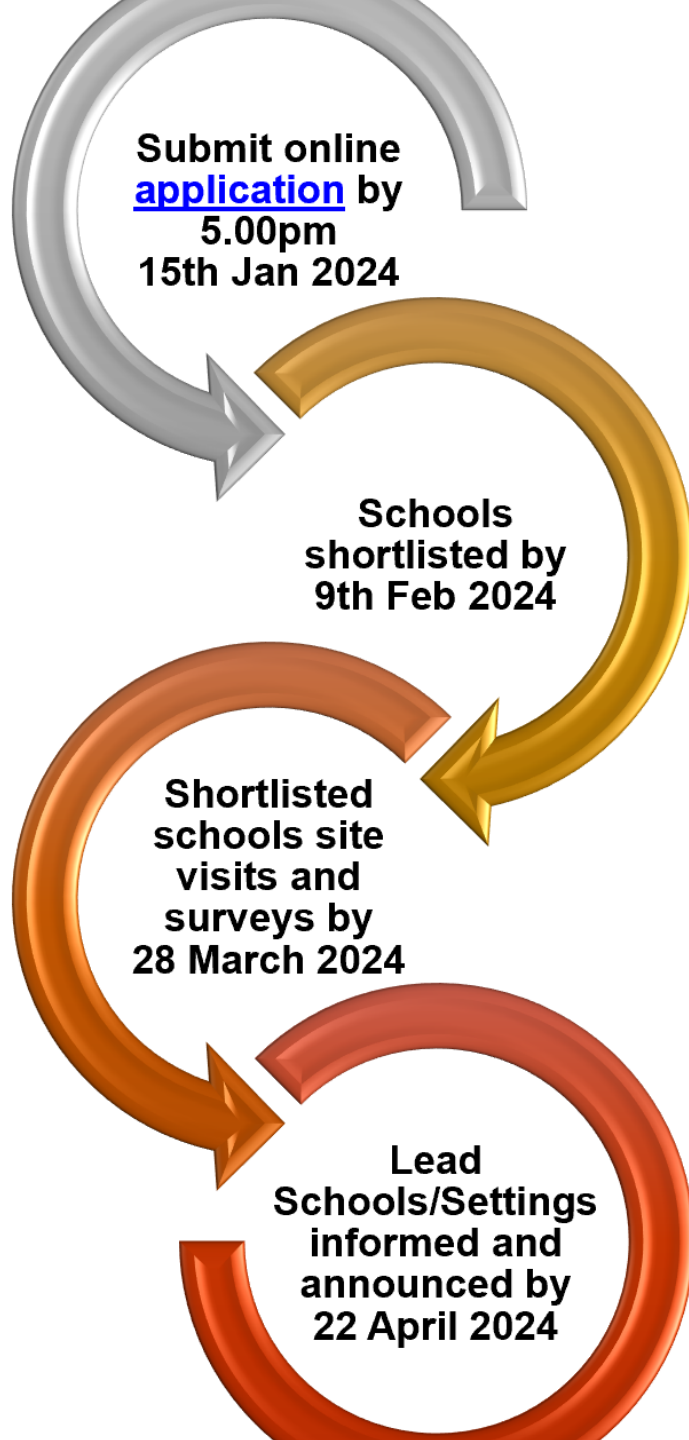

How many will there be?

There must be named Lead Schools for Music in each LA:

- 1 x Primary
- 1 x Secondary

The Tri-borough Music Hub aims to extend the group of Lead Schools to also include (where possible) Alternative Provision, SEND, EYFS and Further Education settings.
