Enhancing Whole Class Instrumental learning (WCIL) in your school

WCIL is most successful when the class or school-based music teacher plays an active part alongside our tutors to support the progression and development of the pupils. This also builds capacity for your staff. If a class teacher is unable to be involved in this learning, then another school-based adult will be expected to actively participate musically in learning alongside the pupils and support the music tutor in their management of the class.

- The most appropriate programme for your school can be discussed with managers at the Hub.
- Encourage pupils to take their instruments home, where possible and appropriate.
- Internet access and classroom audio visual facilities are needed for all programmes.
- An appropriate teaching space is needed with room for pupils to play and handle instruments and where the sound will not disturb other pupils and staff. The teaching space set-up prior to a session is a school responsibility (i.e. TBMH tutors should not move hall/gym equipment). If multiple whole-class lessons are taking place within one day, considerations in this regard will need to be made when timetabling and using teaching space(s).
- A space where instruments can be safely stored between sessions if instruments are not going home with pupils.

5. Buying a GnP groove@school Annual Programme Licence for in-house school delivery

Schools can purchase an annual licence to deliver in-house. The cost of each licence is:

- School Single Programme Annual Licence £35 (N.B TBMH offer - one FREE licence per school)
- School Multi-Programme Annual Licence £99
- CPD session via TBMH (highly recommended) £50

Note: There is **no licence cost for schools buying-in Tri-borough Music Hub tutors** to deliver the programmes. The licence expires at the end of the TBMH delivery period. If you choose to move to in-house delivery, a charge of £35 (Single Programme) or £99 (multi-programme) annual licence will need to be made.

- More information on Groove@School resources [HERE](#)
- Schools may also wish to purchase additional **Groove@Home** resources – more information [HERE](#).

6. Half-day in Specialist Settings: £225 for AM/PM up to (3½ hours)

Up to 3.5 hours in a specialist/non-mainstream (e.g. Alternative Provision) setting for more bespoke work with specialist tutors that may be brought in to deliver curated commissioned programmes.

- Morning or Afternoon (up to 3.5 hours)
- The content may be a mixture of contact delivery as well as reviews, meetings, and reflections with practitioners in the setting
- This work may happen in Early Years settings, SEND schools, Alternative Provision settings, hospital schools etc
- The delivery may be by TBMH tutors or by other external consultants with expert specialisms.

Please note that this offer is subject to detailed agreement of a bespoke programme for the setting in advance.

7. Quality and Standards: Strategic advice on music provision in your school

Cost: Daily rate or pro rata, £450

Buy in the expertise of senior Tri-borough Music Hub staff (or associated consultants) to offer guidance on enhancing your music provision, e.g.

- Review of the quality and standards of school music curriculum and delivery;
- Support and advice on, or quality-assurance of, non-TBMH music provision;
- Deep Dive advice; or
- A bespoke package of support based on your school's needs.

Cost to Independent Schools: £600 per day or pro rata

8. Instrument Hire for schools

The Tri-borough Music Hub has a stock of instruments that can be hired by state-maintained schools in the Tri-borough area. This heavily subsidised scheme is subject to availability, is not guaranteed. We only hire to Independent Schools in exceptional circumstances, with price negotiated based on request.

Cost	Class set (15-30 pupils) for WCIL programmes	Individual instruments for individual or small group lessons
When using TBMH tutors for delivery	£130 per class set per term	£30 per instrument per term
If not using TBMH tutors for delivery	£500 per class set per term	£50 per instrument per term

9. Professional Development

Some specific targeted CPD sessions may be charged for – details relating to each course will be published when events are programmed according to need and circumstance.

Independent Schools: may be able to engage with TBMH on a case-by-case basis depending on need. Some charges may apply depending on the specific training being delivered.

10. Performance Events

Throughout the year a range of Performance events will be programmed according to need and circumstance.

- Some are free to access to participate across all Key Stages (exact events to be determined), e.g. Instrumental Playing Days (KS2/3); Future Sounds (KS3/4/5).
- Some events may involve a small participation charge e.g. Christmas Festival (KS2); Infant Voices Festival (KS1) - £75 per school, plus optional support visit (£50) – more details will be published when they are known.

Due to capacity, we are unable to invite independent schools to access the performance programme, unless through a specific strategic agreement.

11. FREE Whole Class Instrumental Learning (WCIL) GnP licence

(for state-maintained schools)

Over many years, the TBMH has developed its own Whole Class Instrumental Learning (WCIL) resources through the commission of bespoke programmes from composer Sally Greaves. The **groove'n'play** (<https://www.groovenplay.com/>) class ensemble series gives pupils the opportunity to develop their music skills, knowledge, language and understanding, as well as developing instrumental technique. Tell me more about groove'n'play

groove'n'play vocal and instrumental programmes, written and devised by Sally Greaves, provide a music curriculum that supports musical progression in line with the National Curriculum for Music.

All programmes are now available on the new groove@school e-learning platform.

Each programme includes:

- performance through playing and singing (sticks & songs, multi-instrumental programmes)
- reading and playing from notation with an understanding of the inter-related music dimensions (e.g. dynamics, tempo, structure)
- range of music styles, genres and traditions to increase knowledge and understanding of music
- extended listening and extension activities related to music and other curriculum areas

The high-quality curricular resources are intended to support the development of a child's musical talents and skills as performer, creator, and listener. This is achieved through the scaffolded learning that groove 'n' play classroom programmes provide.

Children will be able to:

- understand and demonstrate initial instrumental and playing technique
- sing in a range of musical styles both in unison and parts (sticks & songs, multi-instrumental programmes)
- respond to musical directions and notation linking sound and symbol
- perform as part of a whole-class ensemble

Children will also:

- develop their ability to work effectively as part of a team
- build increased confidence and self-esteem through engagement in varied activities and performance
- gain experience in how to attain high standards of performance and an improved understanding of the process and the work that is necessary in order to achieve this
- through self-evaluation, analysis and increased musical understanding reach the attainable and challenging goals

groove'n'play Annual Licences include:

- access to programme via GnP's groove@school online digital platform
- teacher's eBook with session plans, teaching notes, scheme of work and sheet music
- animated content for classroom delivery
- access to groove'n'play planning and progression curriculum support materials

To see how groove'n'play relates to the National Curriculum, Music and The National Plan for Music [Click here](#)

Tell me about groove@home

groove@home provides additional resources to support a child's learning beyond the groove'n'play classroom in order to support individual independent practice. This will result in further raising music standards. It is recommended that groove@home be used by individual children as a follow up to work in the classroom

Annual licences for groove@home online include:

- access to easy to use online animated programme resources
- scaffolded imaginative and engaging learning tasks
- unlimited home access

Buying a groove@home Annual Licence

Schools can purchase an annual licence for £30 per programme – access for up to 100 pupils
N.B. Only available if your school has purchased a groove'n'play or groove@school licence, or TBMH tutors are delivering a GnP programme in your school.

Terms & Conditions of the Music Hub Service Level Agreement

PARTIES

This Music Service Level Agreement (SLA) is made between the school (the Client) and the Tri-borough Music Hub (the service provider, TBMH). Both parties agree to act in good faith and in a reasonable and timely manner with regard to the operation of the Agreement.

DURATION

By signing to undertake this SLA with the TBMH, the school understands that tutors will be booked based on their requests, and must agree to honour the commitment. The TBMH provides a professional service for all involved – the school, the tutors who are booked to deliver the teaching, and the TBMH itself.

When the TBMH receives requests from school they will undertake timetabling of tutors, from which tutors are issued employment contracts. Schools must recognise that employment contracts must be adhered to and it is not possible to change the agreed teaching hours within a term. Any changes in provision can be made by the school by giving notice before the preceding half-term break, and these changes will come into effect at the start of the next term.

In the unlikely event the TBMH is unable to meet the SLA request with available tutors, they will engage in conversation with the school to find a resolution.

The duration of this SLA is effective for **one academic year** unless agreed otherwise between TBMH and school.

There will be 10 lessons taught per term, unless otherwise agreed in advance between the school, the Music Hub and the tutor.

Note: any additional teaching hours or weeks above the agreed service provision must be arranged in advance between schools and Tri-borough Music Hub Managers. Schools must not engage Hub tutors in private arrangements.

INTENT

The purpose of this arrangement is to provide schools with the opportunity to purchase additional high-quality instrumental/vocal tuition, support, training and/or advice on all aspects of music provision. The Tri-borough Music Hub will work collaboratively with schools to support the selection of instrumental tuition programmes that best meet the needs of the individual school.

SERVICES OFFERED TO THE CLIENT

- A full range of services offered to clients has been shown
- To ensure September start, all requests must be made by 3rd April 2025. The programme of tuition selected will be agreed between the school and the service.

Note: Provision may be dependent on the availability of tutors with the appropriate lead or support skills necessary for the specific roles, and instrument stock.

SPEED ADMIN (Management Information System)

The TBMH uses a Management Information System, called Speed Admin, and this is how all services will be managed. There is a detailed guide as an Appendix in this document ([HERE](#)) that lists how schools access this and use their unique logon to manage all aspects of their SLA with us. The TBMH will ensure clarity of communication about all aspects of this new development.

COLLECTING DATA REQUIRED BY DfE

The TBMH is required by DfE to collect data on all students being taught in schools via the SLA. Information we require is below, plus a few more - See Appendix B ([HERE](#)) for the full break down of information:

- Pupil Premium
- Looked After Children
- SEND
- Ethnicity
- Gender
- Year Group

Schools should use SpeedAdmin to update pupil-level information throughout the year (e.g. information on SEND, EHCP, FSM etc) so that we can ensure the learners have the best experience.

TRI-BOROUGH MUSIC HUB RESPONSIBILITIES

The Tri-borough Music Hub shall:

- a) Ensure that all programmes will be planned and monitored.
- b) Ensure that the agreement between the school and the service provider regarding the programme required is fully understood.
- c) Ensure that the school is kept fully informed of any changes or concerns that may arise in order that action can be taken as soon as possible. This is particularly important if it is perceived that additional support be needed.
- d) Provide the school with high quality instrumental tuition, support, advice and/or training through the provision of a well-trained, well-informed, and professional team.
- e) Commission additional services/providers if required to meet the needs of the school.
- f) Support rigorous self-evaluation and continuous improvement in each school.
- g) Promote high quality teaching and learning.
- h) Facilitate collaborative partnerships between schools which identify, build upon and disseminate excellent and effective practice.
- i) Ensure that all staff have satisfied the required safeguarding checks for work with children and young people.
- j) Ensure the school is notified, when a tutor is ill and unable to attend, by 9.30am on the named day.

DELIVERING THE SERVICE

The services will be delivered by Instrumental / Vocal Tutors from the Tri-borough Music Hub tutor pool, TBMH Lead Teachers or TBMH Provision Managers.

- a) The TBMH will attempt to provide cover when a tutor absence is known in advance but this cannot be guaranteed. The TBMH is unable to provide same-day cover / a deputising tutor in instances of last-minute illness.
- b) In most cases missed lessons can be made up by the usual tutor later in the same term, or the next term. In instances where this is not possible the school will only be billed for the lessons that took place.
- c) The TBMH will always strive to minimise impact on schools due to tutor illness / absence.

SCHOOL RESPONSIBILITIES

To enable the service provider to deliver a service of the highest quality, the Client shall:

- a) Ensure that the exact requirements of the service purchased are agreed in advance with the TBMH by at least the end of the term prior to the commencement of the provision.
- b) Agree all teaching dates in advance with the TBMH tutors – please refer to recommended TBMH teaching dates.
- c) Ensure that agreed dates are honoured, and that notification of essential cancellation is reported at least one week in advance via email to the TBMH and affected tutors. Schools will be charged for late cancellation (less than 7 calendar days).

- d) Ensure that SpeedAdmin is used to regularly update pupil-level information and to check accuracy of SLA arrangements. This will benefit both parties.
- e) Comply with any requests for information to enable the monitoring and evaluation of the service
- f) Ensure that the requirements of the tutor are met so that the service can be delivered effectively and efficiently. These requirements are listed below:
- i. a designated fixed school-adult (preferably a class teacher) to be present at all times during delivery of whole class sessions and actively involved with the learning
 - ii. learning support assistants remain in the class during the session to support the music learning of their pupils
 - iii. a suitable room be provided for the delivery of the tuition, that is of adequate size for the activity, free from distraction and any obstacles, where it is appropriate to play music without disturbing other activities in school
 - iv. the room provided to be consistent every week, with prior notice of any room changes, and suitable alternatives provided if strictly necessary
 - v. An interactive whiteboard (or computer linked to projector) and good quality sound system is needed for all programmes
 - vi. follow-up tasks, as can be reasonably expected to be performed by the class teacher before the start of the next session, are completed on time to allow the smooth running of the next session. Some examples may be: labelling instruments; providing children's name stickers; copying of written resources
 - vii. use of school Wi-Fi to access online teaching resources
 - viii. a suitable space be provided where instruments can be stored safely away from any risk of damage through heat, damp or obstruction. (NB: Schools will be expected to reimburse the cost of repairing or replacing loaned instruments or instrument parts that are either lost or damaged due to wilful neglect or poor handling by pupils, or inadequate storage arrangements.)
 - ix. the school will undertake to meet the cost of replacement accessories (e.g. clarinet reeds, violin strings) incurred during the course of tuition
- viii. – ix: *Full Instrument hire terms and conditions can be found in the separate 'School Instrument Hire Contract.'*
- g) Respond as may reasonably be expected, to requests for the submission of data required for the purposes of monitoring and self-evaluation of the service, and for Arts Council returns for which continued central funding depends.
- h) Honour the agreement between the school and the Tri-borough Music Hub for the provision of tutors.
- i) Not inappropriately seek to employ the same TBMH tutors by private agreement to work directly for the school, within an 18-month period of the tutor(s) working in the school.

QUALITY AND REVIEW

Schools' feedback is actively sought, and schools are encouraged to feedback directly to the Tri-borough Music Hub Leadership team.

CHANGE CONTROL

- This Service Level Agreement will be reviewed on an annual basis to ensure it remains appropriate for the service it provides and the requirements it places on the wider organisation.
- Further activities may be incorporated into the SLA as the needs of both parties develop, and the service has to adapt to accommodate changes in need, or to take on additional roles.

BILLING AND PAYMENT

- The school will be invoiced in advance on a termly basis.
 - Invoices for additional services bought during the year, will be sent separately by the TBMH.
- Any enquiries regarding school finance should be directed to the TBMH Business Manager, Alex Wood - alex.wood@rbkc.gov.uk
